

FOX RIVER WATER RECLAMATION DISTRICT

PROJECT ENGINEER

The Fox River Water Reclamation District (FRWRD) is seeking qualified applicants for the non-exempt full-time position of Project Engineer. FRWRD owns and operates three Wastewater Treatment Facilities in the City of Elgin, IL with Administration Offices located in the Village of South Elgin, IL.

This position is responsible for assisting the Senior Project Engineer and Technical Services Director with design and construction project management as well as CMOM program projects, working with permitting, coordinating with the Pretreatment Coordinator, and assisting with special projects within the Technical Services group.

Position Requirements: Bachelor of Science degree in Civil or Environmental Engineering. Engineer-in-Training Certification on a track towards Professional Engineer registration preferred. One to three years previous experience in engineering design or construction management preferred, but not required.

Physical Demands: Sitting, standing, and working on computers for extended periods. Ability to walk in and around facilities, construction sites, and equipment. Field inspection work requiring stooping, bending and kneeling. Ability to work in confined spaces.

The regularly scheduled hours of this position will be 8am-4pm, Monday- Friday.

This is a non-exempt full-time position. Salary range- \$55,000.00 - \$75,000.00 depending on qualifications with excellent benefits package & IMRF retirement plan. Employment offers are conditional pending physical exam, drug screen, criminal background, DL & other pre-employment activities.

Applicants should apply with a cover letter, resume and FRWRD employment application for consideration and forward to:

Human Resources Manager, Fran Venegas
