

REQUEST FOR QUALIFICATIONS (RFQ)

ELECTRICAL IMPROVEMENTS STUDY AND REPORT FOX RIVER WATER RECLAMATION DISTRICT ELGIN, ILLINOIS

The Fox River Water Reclamation District seeks to procure Professional Engineering Services for the FRWRD - Electrical Improvements Study and Report. Statements of Qualifications will be accepted until 3:00 P.M., August 12, 2022, addressed to James Kerrigan, Senior Proejct Engineer, Fox River Water Reclamation District, 1957 LaFox Road (Route 31), South Elgin, IL 60177. Statements of Qualifications shall be enclosed in an envelope marked "FRWRD – ELECTRICAL IMPROVEMENTS STUDY AND REPORT SOQ".

The primary goal of the project is to improve electrical reliability at the FRWRD AD Pagorski WRF, the North WRF, and two remote pumping stations, Nos. 32 and 37 through: upgrading ageing electrical equipment to minimize the risk of loss of treatment due to power loss, providing redundancy for critical systems, mitigating arc-flash hazards, and improving energy monitoring. Additional information on scope of work requirements can be found in the Request for Qualifications.

The Request for Qualifications is available by contacting James Kerrigan at jkerrigan@frwr.com. Potential submitters shall register with the District via email to jkerrigan@frwr.com. Only firms that register with the District for the project will be sent background information and any addenda issued to the RFQ.

Non-mandatory presubmital meetings will be held at 9:30 am on July 20, and July 27, 2022 at the Administration Building, 1957 LaFox Road (Route 31), South Elgin, IL. The RFQ will be reviewed at the meeting and a tour of the facilities will follow.

The Fox River Water Reclamation District reserves the right at any time and for any reason to cancel this solicitation, to reject any or all submittals, to supplement, add to, delete from, or otherwise change this RFQ if conditions dictate.
